LGBTQ+ individuals don't need "friendly" service providers, they need competent service providers! In honor of Pride month this June, Housing First University is offering some of the most fundamental information you need to provide the comprehensive, affirming, and relevant care your LGBTQ+ service recipients deserve. Attendees will learn about current terminology, identity development timelines, and variations in the LGBTQ+ experience from an intersectional perspective. Presenters will also provide guidance for LGBTQ+ sensitive practices, as well as strategies for interrupting homophobia, transphobia, and microaggressions among co-workers and program participants. Interaction and questions are welcomed throughout the presentation.

When attendees return to the workplace, they will be able to:

- Name and use modern LGBTQ+ terminology
- Demonstrate basic competency when it comes to pronouns

Session Facilitators:

Khalil Martin, MSW, LSW (he/him), joined Pathways to Housing PA in 2021 and served in a clinical leadership role on an ACT team for individuals with Opioid Use Disorder before joining Housing First University as a Training Specialist in January 2023. Prior to this, Khalil worked as a Behavioral Health Therapist at runaway & homeless youth shelters throughout the tri-state area, as well as with Project HOME, where he assisted in the creation of the Gloria Casarez Residence- the first permanent supportive housing for LGBTQ+ young adults in Pennsylvania. Drawing from principles of feminist theory, Khalil uses a strength-based and person-centered approach to assist individuals in understanding and navigating various forms of oppression and how these systems impact one's personal and interpersonal experiences. Khalil received his Master's degree in clinical social work from The University of Pennsylvania.

Ryan Villagran, LSW (they/them) joined Housing First University in June 2021 as a Training Specialist. Ryan holds a Master of Social Work from Temple University with a concentration in Communities & Policy. His clinical background includes delivering psychiatric rehabilitation services in the mental health recovery model at a Community Integrated Recovery Center. Ryan also developed and coordinated a training program in a university setting for social workers serving transitional-aged youth and later taught a Human Behavior in the Social Environment course for graduate social work students.
